TABLE ROCK KIWANIS TABLE TALK

November 21, 2019

www.tablerockkiwanis.org

There is an old saying – STUFF HAPPENS. For some unknown reason I lost my nearly complete draft of Table Talk. Consequently, I redid it but in a brief mode. I will do better in the next issue.

HOT FLASH

We were below out average last week. President Pam kept things going with Harry Gerhard, Jan Bettenburg, Stephanie Hendrickson, Paul Robbins, Joan Isaacs, Joe Guerra and Jerry MacLeod encouraging her on.

Also attending were our speaker Jason Godley, Tess Siemer and Mickey Lufkin.

THE CAN wasn't there last week you can double up this week.

NOTE: THERE WILL BE NO DECEMBER BOARD MEETING. THE NEXT BOARD MEETING WILL BE ON JANUARY 7.

A check for \$500 was presented to Tess Siemer from Jewett Elementary school for their Student Walk program. We are helping sponsoring the program.

CRATER HIGH SCHOOL FOOD DRIVE: For the next few weeks, bring some canned or boxed food to the meeting for the Crater High School food pantry. We will continue this food drive until the end of the month. The food will go with the back packs we donated earlier in the year.

DIVISION COUNCIL MEETING: President Pam attended the council meeting on Saturday. She will tell us all about it today.

SEE'S CANDY SALES: Now is the time to pre-sell to any live bodies in your life. They need to know that their lives will be enhanced measurably if they stock up on See's Candy. If you haven't got one, get an order sheet from Harry and SELL. We also need your help working in the candy trailer. Next week we will learn everything you ever wanted to know about the "PICKTIME" system so you can sign up for multiple days and hours in the trailer.

The trailer will be installed the week before Thanksgiving and Harry will need some help setting it up at Albertson's. Please let him know if you can help. It only takes an hour or two.

BOOKS FOR KIDS: On December 7 we will meet at our storage unit at 3:30 pm, load the books into my trailer and transport them to the Central Point library and spread them out on tables in the conference room. Around 5:00, kids will start coming in picking out 3-4 books and after the parade we will be inundated by kids. We need help loading and unloading the books from my trailer. I will circulate a sign-up sheet at today's meeting.

CHRISTMAS AUCTION: We have a lot of really neat stuff to auction on Dec. 12. Don't stop getting more stuff. Let's make this a really great auction.

SALVATION ARMY BELL RINGING: Marc Cooper has most of the bell ringing times lined up but he needs a few more. If you can jump in for an hour or two on December 14, let Marc know.

SLEEP IN HEAVENLY PEACE: If you have some bottles and cans laying around, take them to the Banner Bank. This is a fund raiser for the sleep project.

SPIRITUAL AIMS

THE CHURCH BODY NEEDS YOU

*Discover your spiritual gift.
Then, get involved in a ministry so you can use it.*

The great thing about spiritual gifts is that everybody has at least one. Some people have more than one, but you have at least one special spiritual ability given to you by the Holy Spirit. The purpose of spiritual gifts is simple: "Spiritual gift is given to each of us as a means of helping the entire church" (COR. 12:7).

The apostle Paul compares the church to a human body, which needs all of its parts to function (1 COR. 12:12). We may think certain body parts are more important than others, but you'll never hear your eye tell your big toe, "Hey, smelly, I'm better than you." Your body needs every part to function effectively, and so does the church.

Next time you think the church doesn't need you remember that you have a gift to give. Search the Scriptures, Pray, and ask your pastor to help you discover your spiritual gift.

QUESTION OF THE MOMENT

A young Girl Scout set up a table outside a San Francisco marijuana dispensary and sold 117 boxes of cookies. The closest guess on the number of boxes sold was Marc Cooper who found some candy bars in the MYSTERY BAG OF STUFF. This week's question might get you in the mood for winter.

WHAT PERCENTAGE OF THE EARTH'S SURFACE IS PERMANENTLY COVERED WITH ICE AND SNOW?
